ARTICLE I. PURPOSE

It shall be the purpose of this organization to promote and uphold school spirit, to develop good sportsmanship among students, to support athletic programs, and to develop positive relationships in the community and between schools. This organization will also promote athleticism and creativity by participation in competitive events. Our plan is to work in harmony with the administration, faculty, band, athletic teams and other school organizations to promote all of the above items.

Each cheer member is responsible for strict adherence to all rules and regulations specified in this constitution and the student code of conduct.
